PROFESSIONAL SUMMARY

Final-year B.Tech CSE student with strong foundations in programming, DSA, OS, DBMS, and networking. Certified Python Development intern with hands-on ML and Streamlit deployment experience. Built full-stack web apps and AI-powered tools. Google AI Hackathon participant, Mumbai.

EXPERIENCE

Python Development Intern

Dec 2025 – Mar 2026

Certified Internship · Training Certificate Awarded

- Worked with **Pandas & NumPy** for data preprocessing, feature engineering, and exploratory analysis.
- Trained and evaluated **ML classification models**; tested performance metrics using Jupyter Notebook and Google Colab.
- Deployed interactive data applications using **Streamlit**; recognised for punctuality and dedication.

PROJECTS

AI Agriculture System

Python · ML · Data Analysis

- AI-powered smart farming assistant providing **soil insights, crop monitoring, and weather advisory** using real-time ML pipelines.

Cats vs Dogs Image Classifier

Python · CNN · Deep Learning · Streamlit

- Trained a **CNN-based image classifier** on the Dogs vs Cats dataset; deployed as a live Streamlit inference app.

Smart Attendance System

Python · Deep Learning · TensorFlow · React

- Built an automated attendance system using **Deep Learning (CNN + face recognition)** for real-time detection and automated tracking.
- Integrated trained model with a **React frontend** for live attendance reporting and management dashboard.

TECHNICAL SKILLS

Languages: Python, Java, JavaScript, C#, C++, PHP, C

Web & Frameworks: HTML, CSS, React, Node.js, Express, ASP.NET Core

AI / Data: Machine Learning, Deep Learning, Pandas, NumPy, Scikit-learn, Streamlit, Data Preprocessing

Databases & Tools: SQL, MongoDB, SQLite, Git, GitHub, Google Colab, Jupyter Notebook

Core CS: DSA, Operating Systems, DBMS, Computer Networks, Software Engineering

Platforms: Android Development, Flutter, Cloud Computing, IoT

EDUCATION

B.Tech – Computer Science & Engineering

Expected 2027 · CGPA 8.26

Asha M. Tarsadia Institute of Computer Science & Technology.UTU

- Google AI Developing Hackathon Participant, Mumbai · 7th Semester

Diploma – Computer Engineering

2024 · CGPA 7.88

NG Patel Polytechnic College · GTU

Secondary Education (SSC)

2021 · 76.00% · PR 86.71

Vasishtha School

CERTIFICATIONS

Google AI Hackathon — Google (2025)

Python Course — CODEC Technology (2024)

Python Development Internship (2025–26)

Figma Workshop — Figma (2024)
